

HARMONY GLIDING SHOWER DOOR SYSTEM

The Harmony Gliding Shower Door System uses top quality stainless steel ball bearing wheels that glide quietly and effortlessly across the sturdy rectangular header. It provides a stylish yet affordable option when installing a sliding shower door.

The minimalistic hardware and sleek design creates a frameless look that is much more aesthetically pleasing than traditional framed sliders.

PRODUCT FEATURES:

- Durable Stainless Steel Construction
- 4 ball bearing wheels provide security and smooth, quiet operation
- Minimalistic styling
- Fixed and Gliding Panel are reversible for installation
- Available in Polished or Brushed Finish
- Accommodates glass thicknesses from 5/16" to 3/8"
- Maximum Door Size of 30"
- Maximum Door weight of 88lbs
- Compatible with glass return panel
- All Installation Hardware included except clamps or channel for fixed panel
- Comprehensive Instructions including Glass Fabrication Cut-Out Available
- Design Assistance Available

The Harmony Gliding Shower Doors System is designed to work with 5/16" to 3/8" thick tempered glass. It features a one year warranty against manufacturing defects and is available in both a polished and brushed finish.
